LETTER FROM THE CHAIRMAN

Dear Shareholder,

2015 ANNUAL GENERAL MEETING

Our Annual General Meeting will take place at No1 London Bridge, London Bridge Street, London, SE1 9BG on Tuesday 15th December 2015. It will start at 11.30 am, and I hope you can join us there.

Over the following pages you will find the Notice of Meeting, together with notes explaining the business to be considered on the day. You will also find a copy of the annual report with this notice which describes Dotdigital Group's performance.

The directors are recommending a final dividend of 0.36p per ordinary share (an uplift of 80% over last year) and, assuming that the resolution set out as Resolution 5 is passed, it will be paid on 29 January 2016 to those shareholders on the register on 8 January 2016. To this end we enclose a dividend mandate which we would ask that you complete and return to our registrars, Share Registrars Limited, whose address is in note 1 to the Notice. Payment of dividends through the BACS system is not compulsory but avoids the risk of loss through the postal system.

The votes of all shareholders count, whether they attend the meeting or not. If you cannot attend the meeting I would urge you to appoint and instruct a proxy to vote on your behalf. The board recommends that you support all of the Resolutions put before you.

On behalf of the Board, I look forward to welcoming you to Dotdigital Group's 2015 Annual General Meeting.

Frank Beechinor-Collins
Chairman

EXPLANATORY NOTES TO THE NOTICE OF ANNUAL GENERAL MEETING

The notice of the Annual General Meeting to be held on 15 December 2015 is set out on page 2. The following notes provide an explanation as to why the resolutions set out in the notice are to be put to shareholders.

Resolution 1 – Adoption of Accounts

English company law requires the Directors to present the accounts to a general meeting of the shareholders.

Resolution 2 - Re-election of Director Retiring by Rotation

The Company has seven Directors and the Articles of Association provides for one-third of them to retire by rotation and where such number is not a whole number then the number nearest to but not exceeding one third shall retire. The longest serving directors have to offer themselves for re-election first. The length of time a Director has been in office is computed from the date of his appointment or re-election and where they have served for an equal amount of time then they shall agree who is to retire or be chosen by lot.

Resolution 3 - Re-election of Director Retiring by Rotation

The Company has seven Directors and the Articles of Association provides for one-third of them to retire by rotation and where such number is not a whole number then the number nearest to but not exceeding one third shall retire. The longest serving directors have to offer themselves for re-election first. The length of time a Director has been in office is computed from the date of his appointment or re-election and where they have served for an equal amount of time then they shall agree who is to retire or be chosen by lot.

Resolution 4 – Re-appointment of Auditors

By this resolution, the Company will re-appoint Jeffreys Henry as auditors and the Directors are seeking shareholder approval to such appointment and the ability to determine the amount of their fees.

Resolution 5 – Authority to the Directors to Declare a Dividend

The Directors recommend a dividend of 0.36 pence per share. The final dividend cannot exceed the amount recommended by the Directors. If approved by the shareholders, the final dividend will be paid on 29 January 2016 to those shareholders on the register as at 8 January 2016.

Resolution 6 – Authority to the Directors to Allot Shares

Under the Act, the Directors of a Company may only allot shares if authorised to do so. Whilst the current authority has not yet expired, it is customary to grant a new authority at each Annual General Meeting. Accordingly, resolution number 6 will be proposed as an ordinary resolution to grant a new authority to allot the unissued share capital. If given, this authority will expire five years from the date of this resolution unless previously renewed, revoked or varied by the Company in general meeting. Although the Directors currently have no present intention of exercising this authority, passing this resolution will allow the Directors flexibility to act in the best interests of shareholders when opportunities arise.

Resolution 7 – Disapplication of Statutory Pre-emption Rights

Your Directors also require additional authority from shareholders to allot shares where they propose to do so for cash and otherwise than to existing shareholders pro rata to their holdings. Again, whilst the current authority has not yet expired, it is customary to grant a new authority at each Annual General Meeting. Accordingly, this resolution will be proposed as a special resolution to grant such authority over all the unissued shares.

Resolution 8 – Authority to Purchase Own Shares

Resolution 8 will be proposed as an ordinary resolution to give the Company authority to purchase its own shares in the market during the period until the next Annual General Meeting of the Company or 15 December 2016, whichever is earlier, for up to 29,159,946 Ordinary Shares, representing approximately 10 per cent of the issued ordinary share capital of the Company as at 11 November 2015 (being the last practicable date prior to the publication of this Notice of Annual General Meeting). The price payable shall not be more than five per cent. above the average of the middle market quotation as derived from the AIM Section of the Daily Official List of the London Stock Exchange plc for the Ordinary Shares for the five business days before the purchase is made and in any event not more than the higher of the price of the last independent trade and current independent bid as derived from the London Stock Exchange trading system and not less than 0.5p per share, being the nominal value of the shares.

It is the Directors' intention only to exercise the authority to purchase the Company's shares where it would increase the earnings per share of those Ordinary Shares that are not re-purchased. This power will only be used if the Directors consider that to do so would be in the best interests of shareholders generally. Save to the extent purchased pursuant to the regulations concerning treasury shares any Ordinary Shares purchased in this way will be cancelled and the number of shares in issue will be accordingly reduced. The Company may hold in treasury any of its own Ordinary Shares that it purchases pursuant to the relevant regulations and the authority conferred by this resolution. This would give the Company the ability to re-issue treasury shares quickly and cost effectively and would provide the Company with greater flexibility in the management of its capital base.

As at 11 November 2015 (the last practicable date prior to the publication of this Notice of Annual General Meeting) options to subscribe for a total of 5,930,327 Ordinary Shares were outstanding under the Company's employee share schemes representing 2.03 per cent of the issued share capital of the Company at that date and 2.26 per cent of the issued share capital of the Company if the authority sought by this resolution were to be exercised in full.

Resolution 9 – Approve the amendments to the Executive Long Term Incentive Plan

Your Directors require the approval for the amendments to the LTIP as summarised in Appendix 1 of this Notice, and authorize the Directors of the Company to implement the changes and do all acts and things which they consider necessary or expedient to implement the changes.

APPENDIX 1 – Key Terms of the proposed Dotdigital Group PLC – Amendment to the Long Term Incentive Plan

Background and Summary

Introduction

This appendix sets out the details and context for Resolution 9 set out in the Notice convening the Annual General Meeting of the Company. This resolution proposes the amendment of the dotdigital group plc Long-Term Incentive Plan (“LTIP”). The principal terms of the LTIP are summarised in this appendix.

Background

The Remuneration Committee (the “Committee”), has completed a review of the Company’s remuneration framework with respect to the Chief Executive. This review has been necessitated by the following factors:

- a) The need to hire and retain a high caliber individual into the role;
- b) The need to provide a strong link between the Company’s strategy and targets and the Chief Executive’s remuneration;
- c) A desire by the Committee to align the interests of executives with shareholder returns over the longer term and to increase the Chief Executive’s shareholding.

The output from this review is a new remuneration structure which the Committee believes is fit for purpose and aligned to the business strategy of the Company over the next phase of its development with the key focus around the development of a continued profitable growth strategy.

Operation of our new long-term incentive plan

The Committee proposes to adopt performance metrics for the LTIP award which support the business strategy with the aim of driving high and sustained performance that will lead to the creation of value for shareholders. These metrics are Revenue Growth, Earnings before Interest, Tax, Depreciation and Amortisation (EBITDA) Growth and Increased market capitalisation.

The new LTIP overview

The Committee is proposing to grant nil cost options under the proposed LTIP. Performance of targets will be measured annually during the three year period and share awards will vest to the extent to which the performance targets have been achieved in accordance with the table set out the next page.

The proposed level of nil cost options

The proposed award will be up to 240% of base salary for the Chief Executive Officer based on the percentage of nil cost option targets achieved.

Form of Awards

It is intended that awards will be granted under this LTIP in respect of ordinary shares in the company. The shares will take the form of nil cost options.

Awards may be satisfied by the issue of new shares in the company, treasury shares or shares in the company purchased on the market.

The performance conditions for the grant of nil cost options in accordance with the LTIP

Vesting of awards granted under the proposed LTIP will be subject to continued employment, satisfaction of the performance conditions related to the vesting of awards and any other terms or conditions determined at grant.

The Committee believes that using the three metrics of Revenue, EBITDA and Share Price represents a good balance between the delivery of earnings and external market performance. They will act as a transparent assessment of the successful execution of the Company’s business strategy, returns created for shareholders and metrics which are recognised as key drivers for the Company.

In setting the targets for the proposed LTIP, which are set out below, the Committee has carefully considered the business strategy and market forecasts regarding dotdigital's future growth trajectory.

The performance conditions and targets for the grant of the award are:

	<u>FY 14/15</u>	<u>FY15/16</u>	<u>FY16/17</u>
Revenue (£'m)	21.4	27.8	35.6
EBITDA (£'m)	6.3	7.2	10.5
Share price	35p	42p	50p

* Year 3 numbers to be ratified in March 2015 once year 3 plans and guidance have been approved by the board and communicated.

Each Performance element will be awarded a 1/3 weighting of the overall annual value of £330k (Hitting 100% of target) worth of shares based on the average mid-market price measured over 5 days starting 30 working days after the results announcement.

At the end of each financial year the remuneration committee will assess the actual performance against the criteria. For each criteria the value of the nil cost options granted will be assessed against the performance percentage based in the below table for all 3 year targets:

Of performance target	Revenue	EBITDA	Market Cap	TOTAL
90%	90,000	90,000	90,000	270,000
100%	110,000	110,000	110,000	330,000
110%	121,000	121,000	121,000	363,000
120%	132,000	132,000	132,000	396,000

* The share price will be calculated by the average mid-market price 30 days preceding and 30 days after the annual results announcement.

The volume of the nil cost options over ordinary shares that will be granted each year will be based on the above criteria but will be allocated to the Executive Director at a nil cost over a 3 year period following the end of FY16/17.

Vesting of awards

The effect of an award vesting shall be to entitle the employee to exercise the option.

Options granted under this LTIP will vest on the anniversary of the grant of the nil cost share option. The first 50% of the grant will have a vesting period of 2 years and the subsequent 50% will vest over 3 years.

Recommendation from the Board

The Directors consider the proposed arrangements to be in the best interests of the Company and its shareholders as a whole and recommends that you vote in favor of Resolution 9.

Cessation of employment

The Remuneration Committee will have absolute discretion to determine whether a leaver is classified as a "good leaver".

Good leaver will be defined as death; ill-health; injury or disability; retirement with agreement of employer; employing company ceasing to be a Group company; transfer of employment to a company which is not a Group company; redundancy; and any other reason as determined at the discretion of the Remuneration Committee.

Share options shall vest for a good leaver on the normal vesting date.

The number of share options vesting for a good leaver will be dependent upon the proportionate satisfaction of the performance conditions at vesting of the share option and time pro-ratio based on time elapsed from the date of grant and the cessation of employment.

In all other circumstances, for example if an employee leaves for a competitor or is summarily dismissed, all unvested share options are forfeited.

Change of control

the level of share options that vest will be dependent upon the proportionate satisfaction of the performance conditions at the point of the change of control and time pro-ratio based on time elapsed from the date of grant and the change of control.

The Committee has discretion to disapply time pro-ratio in circumstances that it feels are fair and appropriate. For the avoidance of doubt, the application of discretion will be carefully considered to each individual share option grant and will not be applied in aggregate to all outstanding options.
